# NATIONAL GEOGRAPHIC

The cover of National Geographic magazine features a central photograph of a woman with blonde hair, wearing a light-colored, short-sleeved button-down shirt and shorts, sitting on the ground in a lush, green jungle. She is holding an open book or notebook and looking towards the camera with a slight smile. The background is filled with dense tropical foliage. The magazine's title, 'NATIONAL GEOGRAPHIC', is printed in large, white, serif capital letters at the top. Below the title, there are four article teasers in white text. The cover is framed by a decorative border with a repeating floral and geometric pattern. The overall color palette is dominated by the greens of the jungle and the white of the text.
